Code Java

```
1 class Solution {  
2     public int majorityElement(int[] nums) {  
3         Arrays.sort(nums);  
4         int n=nums.length;  
5         return nums[n/2];  
6     }  
7 }  
8 }
```
